

Multiplication Tables Check (MTC)

In line with government expectations, Barnburgh Primary Academy administer the multiplication tables check (MTC) for all eligible year 4 pupils. As of 2021/22 academic year, this is a statutory requirement for primary schools.

Gov.uk states that: 'the purpose of the MTC is to determine whether pupils can recall their times tables fluently, which is essential for future success in mathematics. It will help schools to identify pupils who have not yet mastered their times tables, so that additional support can be provided.'

Schools must administer the MTC to all eligible year 4 pupils within the given time period. The times tables homework and tests through school, support the learning which is assessed within Year 4 and also ensure that children are retaining this skill, beyond the MTC assessment in Year 4.

To support your child with the MTC's, please the following website:
